The Laurens correspondent of the Spartanburg Heraid strongly urges from Robert A. Cooper, "the brillian" verice lawyer and legislator of Laurens" for next solicitor of this, the seventh judicial circuit. It is said that "be will pa into the race with practically all Lan en supporting him." We are not prepared ] to argue this point, because we are not familiar with Laurens county politics, But we are strongly inclined to believe guilty of such conduct. that the present incumbent, Hon Thos. rens, provided, of course, he stands to re-election. Mr. Sease has established a fine reputation as an able presentor and the interests of the State are safe We can see no reason why he should we do not believe the people of his sein cuit see any reason why such should not be the case. Mr. Sease has been reman for the place.

The people of this section have been having some very cool weather. It hoped there will soon be a change. The crops are looking very well.

Last Thursday a large number of boys went on a fishing trip to the mouth of Cannon's Creek. Hardly anything was eaught there. As they reached Poma ria returning home they decided t try again. They found a pond up the creek about half a mile and in the space of half an hour caught about forty pounds of fish. Some times the seine would bring eighteen at one time, weigh ing from a pound and a half to a pound

The Social Literary will meet the fourth Saturday night in May. The subject is, "Resolved, that the vorial of Nature are more pleasing to the eye than the art of man." #### Thanks From Colored Baptists.

Editor Herald and News: Will you allow me space in your valuable paper to thank the white people of Newberry for their kind, generous and time y assistance to the officers and members of the New Bethlehem Baptist Church during the recent colored Baptist State | Convention held here? To those of our white friends who contributed money, provisions and houses in which to shelter and feed the visiting delegates, we are most profoundly grateful, for had it not been for their generous assistance the burden of caring for six hundred delegates would have been almost beyond the power of the colored people.

The pastor and members of the New Bethlehem Baptist Church wiff never forget the kindness shown them on that occasion by the white people of this community.

> Most respectfully, F. R. Wallace, Pastor.

A g od deal has been said about the Newberry Board of Trade working a very bad piece of road which feats from in his hands. At the present writing the city to Saluda River, a distance of seven miles. It has been clearly slown not be chosen to specced himself, and that this was one of the worst pieces of public road in the county, and that has been put in good traveling condition at a cost of \$10. This snows what markably successful, and is the right little money rightly applied can do; and it also shows the importance of maving the right man at the right place. It may be borne in mind that the President of the Newberry Board of Trade is Dr. O. B. Mayer, and he is the man who pushed this work forward. Whenever you put a man of such intelligence vigor, perseverance and ability as Dr Mayer possesses, at the head of any thing, you can depend upon good re sults. Let us figure a little on the cos of road building and see how we are getting along. Understand now, sever miles of the worst road put in good traveling condition, which according t

statement will last for several years, ; a cost of \$40. Then at this rate, i takes \$5.713-7 cents to work mile. Then suppose the \$1,155,47 which is to be paid for road machinery would have been applied to road work-

ing. At this rate it would have put 727 miles of road in the same condition as above described. An there that many unites of public road in as wherry County? Resides it would have put \$4,455.47 in the bands of the laboring class of the country who evidently need this money far more than the manufacturers of this machinery. Not

Greenville, S. C., April 9, 1903.

Dr. I. Crimm, Spartanburg, S. C., Dear Sir: Your eard received asking about my daughter's eyes, for which you fitted glasses. It gives me pleasure to report that your glasses have given only satisfaction. She has not complained of headache since she commenced wearing them and says they are a great relief to her in every way. She does not wear them constantly, only when reading, writing or close work. Wishing you much success in your vocation I am, very truly, Mrs. W. Keys.
